When I originally commented I clicked the "Notify me when new comments are added" checkbox and now each time a comment is added I get four e-mails with the same comment. Is there any way you can remove me from that service? Cheers!

Thanks for another informative blog. Where else could I get that type of info written in such a perfect way? I have a project that I am just now working on, and I've been on the look out for such information.

Hi there! I know this is kind of off topic but I was wondering which blog platform are you using for this website? I'm getting tired of Wordpress because I've had problems with hackers and I'm looking at options for another platform. I would be awesome if you could point me in the direction of a good platform.
